Young persons clinic

This leaflet is designed to help you understand what happens in this clinic, what tests may be done and how you can get your results.

Confidentiality:

“WE ARE HERE TO LISTEN, NOT TO TELL”

This means you can talk to us freely and that nothing you say will be passed on to anyone else without your permission, including parents, police, teachers, social workers etc. The only reason the staff member will need to consider passing on what you say in confidence would be to protect you or someone else from serious harm. If this was felt necessary the staff member would always try to discuss it with you first.
